

LIEUT. RENE FONCK HAS BEEN BUSY SINCE JANUARY

Fifty of His Three Score Aerial Victories Won in Last Few Months.

With the French Army in France, Aug. 15.—(Correspondence of A. P.)—Lieut. Rene Fonck, the leading French ace, has brought down since Jan. 1 fifty of the more than three score German aircraft he has destroyed. Of the enemy machines vanquished this year, thirty-two have fallen before him in the same airplane, which is a Spad-Hispano biplane with two machine guns. This constitutes a record for one machine.

Between July 16 and July 22 he felled eleven enemy machines, nine of which have already been officially accounted for. On July 16, while stationed in the Somme, he was ordered to report to the Champagne. He left Paris that day at 10 o'clock. He landed there and set back for the Somme, arriving there shortly before 5. At 5 o'clock he had become the conqueror of two boche machines. He left that evening for his new assignment.

The following day in the Champagne, he felled a German machine and on the next two, on July 19 he brought down three; on July 21, two, and on July 22, one.

Disclaimers Tactics!

The following is an account of his aerial tactics:

"Tactics? I have none. I attack watching my adversary's maneuver. In the last combats in which I have participated I have succeeded in forcing my maneuvering upon them. In my fight on July 16 I attacked two German machines which were protected by a patrol of six others. I fired my gun upon my two victims, but never did lose sight of the patrol. When the patrol rushed at me I was able to break away by maneuver. I shoot. Generally from 150 metres, according to my relative position, I believe it could be said. If I attack frontally I start to shoot at 150 metres, that being the most suitable, allowing for the speed of the machine. If I attack in the rear or laterally I get somewhat closer."

SENDS GIRLS TO SPY ON AMERICAN TROOPS

Swiss Police Arrest Emil Knopka, German Secret Agent, in Geneva.

Paris, Aug. 28.—Elmi Knopka, a German spy, has been arrested by the Swiss police at Geneva for sending girls into France to locate the positions of headquarters of American troops. The Swiss police also discovered that Knopka was rifling the mail of French soldiers interned in Switzerland.

HUNS SCATTERED TRAPS; FRENCH ADVANCE CAUTIOUSLY

Paris, Aug. 28.—(Havas Agency.)—The number of German prisoners captured by the French in their advance west of Chaumes-Noyon line has been comparatively small, as the French have been obliged to move cautiously. The Germans left mines in various places, and had scattered infernal machines and traps of various kinds. The war material taken, however, has been considerable.

WILL NOT RECOGNIZE GERMAN SAFE-CONDUCTS

Paris, Aug. 28.—German safe-conducts of navigation will not be recognized by the entente, it was officially announced here today, and all neutral ships using them are liable to seizure.

"WETS" CONCEDE PASSAGE OF PROHIBITION MEASURE

Only Matter in Doubt Is Date Upon Which It Becomes Effective.

Washington, Aug. 28.—The only question in doubt when the senate took up the prohibition rider to the emergency agricultural appropriation bill for final consideration this afternoon was the date on which the country is to go "bone dry."

Passage of the rider before night with a wide margin was predicted by the "dry" and conceded by the "wets." Senator Shepard, leader of the prohibitionists, had expected a large number of "wets" to vote for the measure if the date for discontinuing the sale of all liquor is made July 1, 1919.

"They will be glad if the liquor trade is snared that long," he said. "We have the vote to make it Jan. 1 if we so desire. This is another concession, and we expect our opponents to seize upon it."

It was made plain that President Wilson would not veto the prohibition rider until Jan. 1, 1920. His desire was that it be postponed "about a year." Dry leaders interpreted his remarks as meaning a year from the present date of August, 1919. They did not expect the bill would be vetoed if the prohibition rider was made to read July 1 instead.

ENEMY ATTEMPTS TO CUT LINES FAILED, SAYS BERLIN

French and British "Sanguinarily Repulsed"—American Prisoners Taken.

Berlin (Via London), Wednesday, Aug. 28.—The German official communication issued this evening claims the repulse of allied attacks on various sectors of the fighting front. The communication follows:

"Southeast of Arras renewed enemy attempts to break through failed. North of Bapaume and north of the Somme, English attacks broke down with heavy losses."

"Between the Somme and the Oise there have been forefired engagements before our new positions. French attacks north of the Aisne were sanguinarily repulsed. Enemy partial attacks were repulsed near Langemark and north of the Lys. Von Below Again in Fight."

"Gen. Von Below's army was again engaged in heavy fighting yesterday, the center of gravity of the British attack being south of the Scarpe. By employing masses of tanks and English and Canadian infantry, the enemy again attempted to effect a break-through on both sides of the military road between Arras and Cambrai. Our troops fighting on the line running from Helvel, east of Monchy, to Croisilles-Pommernan, west of Feus, Hessian and Alsatian regiments broke the enemy's thrust which was delivered early in the morning with enormous superiority in men and material. After fighting along east of Feives and near Vis-en-Artois and Croisilles, in co-operation with Wurttemberg battalions, they caused the enemy's attacks, which were carried forward in the afternoon, to effect a break-through on both sides of the military road, to collapse."

"On both sides of Bapaume the force of the enemy's attacks was less than on previous days. The British had advanced several times on both sides of the town in surprise attacks with artillery preparation but without bringing tanks into the action, were driven back every time. In the afternoon, 250 Americans captured."

Berlin (Via London), Aug. 28.—In the operations in the Vesle sector the Germans claim to have inflicted severe losses on the Americans and taken more than 250 prisoners. This claim is set forth in the statement from general headquarters today.

U. S. TROOPS CAPTURE NINETY GERMAN JAGERS

Army Smashes Forward to Railway.

With the American Army on the Aisne-Vesle Front, Aug. 28 (Night).—Ninety Jagers and two officers were captured today by an American unit attached to Gen. Mangin's army in an advance at Juvigny and Chavigny, north of Soissons. The American soldiers smashed forward in the face of strong resistance and succeeded in reaching the railway line.

While the American troops were consolidating their newly-won positions a counter attack was launched by the enemy. The fighting still is in progress. The enemy is fighting desperately as the portion of his army between Chavigny and Soissons is threatened with annihilation or capture from the north and south.

PAYMENT FAMILY ALLOWANCE AFTER DISCHARGE OF MEN

Washington, Aug. 28.—The treasury department recently issued the following regulation relative to the payment of family allowances for one month after the enlisted man is discharged from the service:

The provision in section 264 of the war risk insurance act that the family allowance shall be paid from the time of enlistment to one month after discharge from the service is not limited by any provision as to the nature of the discharge, and the family allowance will be paid without regard to the nature of the discharge.

BRITISH CASUALTIES

FOR WEEK TOTAL 14,484
London, Aug. 28.—British casualties reported in the week ended yesterday totaled 14,484, compared with an aggregate of 8,411 reported in the previous week.

The casualties are divided as follows: Killed or died of wounds, officers, 287; men, 2,194. Wounded or missing, officers, 1,100; men, 10,792.

OBSCURE WARSHIP

LONDON.—(N. E. A.)—The British naval base at Potatoes awaiting breaking up is doing its bit by aiding potato production. When a famous admiral once tried the quarter-deck is now covered with soil wherein the "spuds" flourish.

OTTAWA, Ont.—(N. E. A.)—The council of the six nations has insisted, as allies of England, that the Canadian government has no power to enforce conscription of the Indians, but declares they will register themselves at the Brantford reserve.

KING GEORGE MUST HAVE LITTLE JOKE
LONDON.—(N. E. A.)—A staff officer submitted a proposed new blue-gray uniform for King George for his inspection, and the king appeared to like it. "It has not been tested for rain," said the officer. "Well," replied the king, "we'll turn the hose on it, then!" The king's little joke lay in the fact that the officer was wearing the uniform.

The Danger of Imitations.

AN OHIO druggist writes to "The Practical Druggist," a prominent New York Drug Journal, as follows: "Please furnish formula for Castoria. All the formulas I have worked with are either ineffective or disagreeable to administer."

To this "The Practical Druggist" replies: "We do not supply formulas for proprietary articles. We couldn't if we wanted to. Your experience with imitative formulas is not surprising, but just what is to be expected. When Castoria is wanted, why not supply the genuine. If you make a substitute, it is not fair or right to label it Castoria. We can give you all sorts of laxative preparations for children, but not Castoria, and we think a mother who asks for Castoria would not feel kindly toward you if you gave her your own product under such a name."

No mother with a spark of affection for her child will overlook the signature of Chas. H. Fletcher when buying Castoria.

Mrs. Wm. Palmer, Sterling, Ill., says: "Your Castoria has been my friend for twenty years. I could not keep my children well without it. I cannot speak too highly of your wonderful remedy."

Mrs. Frank H. Cafferty, of Providence, R. I., says: "If all young mothers would use Castoria it will bring up their child. My nurse and doctor can also tell what your Castoria can do."

Howard A. Banks, of Hickory, N. C., says: "Your Castoria is the only physic we ever give our three babies. The fact that we use it promptly is probably the reason we never have to use any other."

Mrs. A. J. Nelson, of Waco, Texas, says: "Enclosed you will find a picture of 'Our little Castoria boy.' When a week old I ordered your Castoria for him, and I have never been up a night with him since."

Mrs. Eva Ott Melin, of Jersey City, N. J., says: "I attribute the present excellent condition of my baby to your Castoria which he has been using since he was three weeks old. I have not lost a night's sleep in seven months."
